**Lodge Meeting**  
Tuesday, August 22, 2017  
**Picnic: 6:30 pm**  
**Cedar Falls Boat House**

(Note: Go north on Franklin Street, cross the Cedar River, the Boathouse is on the west side, there is a driveway that takes you to the Boathouse. If coming from the north, turn right (west) before you come to the bridge across the river.)

**Menu**

Bring one or two dishes to share (with serving utensils and also your own table service.)  
Beverages and sausages will be furnished.

**Committee: Lodge Officers**

**Program: "Norwegian Stories"**  
**The Cedar River Readers**

We will be entertained by the Cedar River Readers, a readers' theater troupe sponsored by the Waverly Public Library. Since their first performance last August, they have performed for over a thousand adults and young people at churches, schools, and civic organizations. Their goal is to translate their love for literature into performances that both educate and entertain. They will be sharing Norwegian stories with us!

We will also be introduced to Viking Chess, or *Kubb*, a yard game growing in popularity. You will have an opportunity to play and/or watch others play! See elsewhere in the POSTEN for more information about the game.

Since our meeting is a Pot Luck, you do not need to make reservations in advance. Just come, bring food, friends, family, and expect to have fun!

**Fra Presidenten**

August! Time to start a "new" season at *Solglimt* Lodge, Sons of Norway. Hopefully, each of you had a busy, enjoyable and fulfilling summer. Now we all need to refocus for a fall full of "restarts" by many organizations: Schools, churches, many non-profit groups and even our own lives start anew with the coming of fall.

August brings our picnic near the end of the month to start our "year". It is rumored that there may be some *Kubb* to be played at the picnic this year. The *Viking* magazine had a nice article in June on the game of *Kubb*. So come and experience something new and different, and it is even a cultural event for us! Plus, there will Norwegian stories told by Cedar Valley Readers. And plenty of great food to be shared and enjoyed by all!

Strategic Planning continues to progress. We will be meeting again on August 17<sup>th</sup> to work on strategies. International President **Tehven** has suggested we develop a Lodge mission statement, so we will be working on that as well. This is an important item for our lodge. What we do now will determine what we look like in the future. Not to address several issues today will only place us in an unpleasant position in the months and years to come. All organizations face many of the same challenges as we do; we just want to be the one that addresses them now for a better outcome in the future.

*(Fra Presidenten continues on next page)*

(Fra Presidenten, continued)

We need to thank **Joel** and **Chris Johnson** for heading up another successful Sturgis Falls Days food booth. *Mange Takk!*

And thank-you to everyone who supported their efforts with time and donations. The weather was great and we all had a lot of fun.

Once again, you are all urged to be as active as you are able in our lodge activities. Your attendance at meetings is greatly appreciated and vital to our ability to meet at the Cedar Falls Woman's Club. While we are currently well above it, they do ask for a minimum number of folks at a meeting if preparing a meal. Hopefully, you want to come for the fellowship and great programming, but sometimes it is about the numbers.

Well, we are off to another Sons of Norway year! Check your calendars and plug in our monthly meetings, plus we hope to offer several other opportunities for you as the year progresses. See you at the picnic!

**Keith Jorgenson, Presidenten**

## Kubb

By Kathy Schuhmacher

Kubb (pronounced "koob"), often called Viking Chess, is a Scandinavian yard game that is sweeping the country in popularity! After reading about Kubb in the June issue of Viking, I decided to purchase a set to play with our grandchildren. I looked at the suggested web sites and found a set to order for \$39.99 at [yardgames.com](http://yardgames.com).

Kubb is a yard game that is a combination of bowling, bocce and horseshoes. There are two teams consisting of 2-6 players each and it is a fun family game for all ages. The game uses wooden batons that are thrown towards your opponents' wooden blocks (called "Kubbs"). The win occurs when the king block topples after all the other field kubbs have been knocked over.

My grandchildren really enjoyed playing Kubb and played it three days in a row! When our son joined us one evening, he said that he had played the game several times in the past, and he knew it as "Viking Chess." Kubb is great for picnics and family gatherings and can be played on grass, concrete, and even in the snow. We'll bring our game to the picnic, and you can have a chance to give it a try!

## 75th Anniversary of the Viking Battalion

The 99<sup>th</sup> Infantry Battalion, perhaps better known as the Viking Battalion, is celebrating the 75<sup>th</sup> Anniversary of its activation this year on Saturday, Aug. 12<sup>th</sup>, at Camp Ripley, Minnesota. These soldiers were all Norwegian Americans or Norwegian nationals, and the criteria for joining was the ability to speak Norwegian.

The Battalion's WWII Educational Foundation extends an invitation to all members of Sons of Norway to participate in the celebration. They hope many will come, especially those who have a relative or friend who was one of these special soldiers who fought so bravely and ended their tour of duty in Norway after the liberation in 1945.

The event will be held at Camp Ripley, site of the activation, starting at 1:00 pm in and around the Minnesota Military History Museum. There will be WWII reenactment soldiers, Viking reenactors, photos and memorabilia and tours of the museum - while the Red Rock Swing Band entertains with music.

The anniversary dinner will be at 6:00 pm in the Hangar at Camp Ripley, with guest speaker historian, Dr. Odd Lovoll. A \$20 advance charge for dinner is required; please send a check to the 99<sup>th</sup> Inf. Battalion (Sep) Ed. Foundation, P.O. Box 14521 Grand Forks, ND 58208-4521.

Anyone wishing to bring and share photos and memorabilia is encouraged to do so.

In the Tuesday, June 27<sup>th</sup> Courier the following was reported: "Sons of Norway has had a food tent at the park and a float in the parade every year since the Sturgis Falls Celebration began in 1976 and they are already planning for next year's event."

Our president, **Keith Jorgensen**, was quoted: "When it's hot and uncomfortable, we give a lot more water cups. When it's cooler, we sell more coffee. The weather doesn't dramatically affect us."

### A Little Humor

Ole was on an airplane trip. His seat partner was a gorgeous young woman who made Ole's heart skip a beat. "Where are you going?" asked the young woman.

"Minneapolis," answered Ole.

"Same here," said the gal. "I'm going to Minneapolis to meet the man of my dreams because I read that the sexiest, most romantic men in the world are Norwegians and American Indians. By the way, what is your name?"

Ole said shyly, "Ole Red Feather."

## 10 Things You May Not Know About the Vikings

Think you've got the Vikings pegged? With all the caricatures and stereotypes out there, there's probably a lot you've never heard about the seafaring Scandinavians who raided and settled coastal sites in the British Isles and beyond between the 9<sup>th</sup> and 11<sup>th</sup> centuries. You can read about these ten things, starting in this month's **POSTEN**.

### 1. Vikings didn't wear horned helmets.

Forget almost every Viking warrior costume you've ever seen. Sure, the pugnacious Norsemen probably sported headgear, but that whole horn festooned helmet look? Depictions dating from the Viking age don't show it, and the only authentic Viking helmet ever discovered is decidedly horn-free. Painters seem to have fabricated the trend during the 19<sup>th</sup> century, perhaps inspired by descriptions of northern Europeans by ancient Greek and Roman chroniclers. Long before the Viking's time Norse and Germanic pagan priests did indeed wear horned helmets for ceremonial purposes.

### 2. Vikings were known for their excellent hygiene.

Between rowing boats and decapitating enemies, Viking men must have stunk to high Valhalla, right? Quite the opposite. Excavations of Viking sites have turned up tweezers, combs and ear cleaners made from animal bones and antlers. Vikings also bathed at least once a week—much more frequently than other Europeans of their day—and enjoyed dips in natural hot springs.
